

The arch can be added on to (future) by simply bolting on new panels. Comes in 2' sections.

Concrete slab floor with slope and floor drain.

Partition runs with 4" CMU 4' high. For large breeds, can add sections of chain link on top of block walls to increase height.

Office, bathroom, puppy room.

8" Acoustical CMU 5' high for arch base.

Chain link fence and gate. Make all 6' high for flexibility (large or small breeds).
